AMUSEMENTS

GRAND

Beautiful photograph lends charm to "The Beloved Imposter," the Vitaphone Blue Ribbon Feature, which will be seen in the Grand theatre tonight. Most of the scenes are laid in the Southland, and Director Joseph Glavin took his entire company there, and there are shown fine old mansions and quiet restful streets. The story itself is an amazing game of Hearts, in which Gladys Leslie has the stellar role, supported by Huntley Gordon, Donald Crane, Mrs. Huiley, Frances Grant, and Owen Williams.

Louis Bannison.
Sandy Burke of the "U-Bar-U" Louis Bannison's second in his series of Holmwood pictures distributed by Goldwyn, which will be presented at the Alhambra theatre, beginning Friday, holds "interest from the first to last. Thrilling and novel incidents abound until the very end and its conclusion is especially noteworthy. The sight of a heroine holding up the demand that he wind his strong arms around her in loving embrace cannot help but convince picturegoers that Bannison Holmwood pictures are different. This starts the Goldwyn program at this house.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

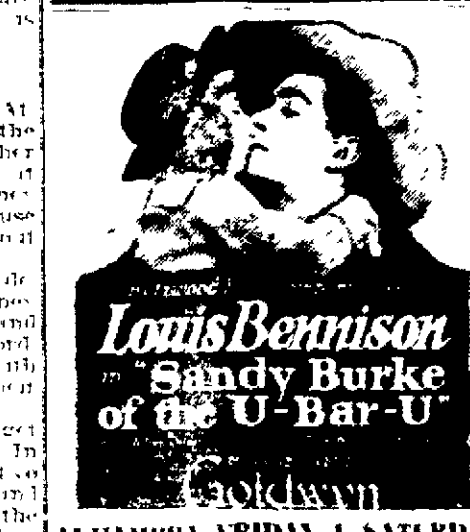

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and inflame the lining, is the aim of a powerful, but harmless, and inexpensive remedy to use.

An antacid, such as bisphosphorus, which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only bisphosphorus Magnesia, which is especially prepared for the above purpose.

This will be Mitzi's first visit to Newark in several seasons and in the wholly different play with music she is sure to delight as well as please.

For "HEAD OVER HEELS" is a brilliant and magnificent production, and with "MITZI"—a colorful, adorable, of ever-shifting moods of artistry—sings, dances, mimics and tumbles "HEAD OVER HEELS" through episodes of droll comedy and tender pathos as the little Italian acrobat.

"HEAD OVER HEELS," book and lyrics by Edgar Allen Woolf, music by Jerome Kern and staged by Geo. Marion, ran a season in New York, ten weeks in Boston, fifteen weeks in Chicago, now playing in Cincinnati, and comes direct to Newark from the Hartman Theatre, Columbus, Ohio, which is perhaps the biggest and most expensive theatrical attraction ever sent on tour in the history of theatres in America.

In order to accommodate the enormous demand for seats for "HEAD OVER HEELS" and for spectators who follow "HEAD OVER HEELS" from one city to another, buying up the best seats to be sold to the public at outrageous prices, mail orders will now be received at the Auditorium Theatre for this extraordinary engagement.

The prices range as follows: All seats, Lower Floor, \$2.00. Four rows balcony, \$1.50. Last five rows, balcony, \$1.00.

Make money orders and checks payable to Auditorium Theatre, name change of two locations and we will try to give them to you, enclose self-addressed stamped envelope for return of tickets, and be sure and include 10 per cent war tax in remittance. Mail orders will positively be filled only in the order of their receipt, so haste is imperative.

"HEAD OVER HEELS" will unquestionably be one of the most important attractions of the present season.

What Is The Cause of Headache? Backache?

BY DOCTOR CORFUS

Backache is perhaps the most common ailment from which women suffer. Rarely do you find a woman free from it. Sometimes the cause is obscure but Dr. Pierce of Buffalo, N. Y., a high medical authority says the cause is very often a form of catarrh that settles in the delicate membranes of the female organs. When these organs are inflamed, the first symptom may be backache, or headache, dizziness, accompanied by lashing-down sensations, weakness, irregularity, painful periods, irritation, and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs, put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing injurious. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10 cents for trial package of Tablets. Address Invalids' Hotel, Buffalo, N. Y.

In Remembrance of Geo. F. Stoner.
Who departed this life March the 4th, 1918.

One sad year has passed and gone But still the vacant chair we find Recalls the love, the voice, the form Of the one who once sat there. The flowers I lay upon his grave May wither and decay, but the love I have for you dear son will never fade away.

I look around my lonely home, I seek your vacant chair where Oft you sat and listened while I told You all my cares. But now alas with sorrowing heart Through life's dark vale I tread For the dearest one, ever was to me, Lies, numbered with the dead. His mother, Mahala Stoner. 3-5-19

Milady's Boudoir

Caring for the Teeth.
Because of their imperfections the teeth require more attention than any other feature. We cannot all have beautiful teeth, but we can greatly improve their appearance with a little care. One of the commonest forms of abuse where the teeth are concerned is in allowing deleterious pieces of food to remain in the mouth. Fruits are excellent for the system, but they are frequently bad for the teeth. Candy, because of the change that takes place when the sugar mixes with the saliva, causes an acid which is most harmful to the tooth structure.

Always, after eating, the mouth should be thoroughly rinsed with line or soda water. The latter will more effectively counteract acidity. To mix it add a teaspoon of ordinary bicarbonate of soda to a glass of water.

Another fault, to which we are prone, is laziness in the matter of masticating our food properly. We have the vulgar habit of bolting food. Remember that you should chew your food so well that it passes into the stomach in fluid form. Chew your food for your stomach has no teeth, is an admission sometimes hung in the dining room of boy's schools and it is needed at home in many instances.

Proper mastication of food will improve the general health and will also improve the beauty of the teeth. At the same time that the health of the teeth is being improved give attention to the surface of them. Cleanse them twice a day with a reliable tooth powder or paste and be free in the use of an antiseptic mouth wash.

Bicarbonate of soda or salt is an invaluable tooth cleanser, for it not only counteracts any tendency toward acidity but it will bleach the surface as well. The ideal way to remove the particles of food which collect between the teeth is by use of dental floss. Do not consider the teeth cleansed until you have drawn a piece to and fro between each tooth.

SHELL HITS SHACK WRIGHT IS KILLED

Boy Well Known Here Goes Through Hard Fight But Is Killed In Rest Area.

Mrs. D. B. Baughman of East Main street, has received a letter from Captain Benjamin T. Rogers, of the 59th Infantry, giving details of the death of her nephew Sergeant George Gilbert Wright, who was killed on October 10, 1918, in the Argonne sector.

Sergeant Wright, the son of Mr. and Mrs. Melvin Wright of Los Angeles, Calif., died this morning at the age of 21. He was a member of the 59th Infantry, and was killed in action on October 10, 1918, in the Argonne sector.

The commanding officer's post was in a dugout close behind the Bois de Fay in the Argonne sector. On a slight rise in the ground to the rear was situated a small shack. Sergeant Wright entered this shack to cook his breakfast and a few minutes later a shrapnel shell demolished the building killing one man and mortally wounding Sergeant Wright. He was treated immediately and rushed to the evacuation hospital. A few days later he received official notification from the medical authorities that he was dead.

The letter was written January 14 from Ernst, Germany.

Our Boys and Girls

There is something so fascinating about making a scrap book that children can often be entertained for hours at a time if you will provide them with the materials that are needed for the making of the little book. They can be very busy ones or middle sized or even a very large one that will hold quite a good size picture or pictures.

First of all cut a number of sheets of paper into leaves the size you wish, seven by nine is a good size and then collect the pictures you wish to use. Pictures of animals, fruit and children are all good. Each picture must be cut carefully from its background so that with a finely pointed lead pencil the child can reproduce the shape of each animal or fruit on the leaves of the book.

After removing the pattern the children can outline each design with the regular outline stickers. Provide the children with a box of colored crayons and the children will be taught to color the things correctly if they are taught to keep a close watch on their original colorings. This also teaches them the different colors and a correctness of eye.

CITY-BOTTLE CO. SUIT TO TAKE ITS COURSE

In the case of the American Bottle Co. vs. The City of Newark, a suit to restrain the shutting off of the water from the bottle plant for the non-payment of a water bill, which the city claims is owing to it, the court of appeals has granted the motion filed by the city to dismiss the appeal, and the case now stands for hearing, in its order, on error. The case was brought into the court of appeals both upon appeal and upon error and that court now holds that the case is not appealable.

GRANVILLE

(Special to the Advocate.)

Granville, March 5.—The Cup of Cold Water Circle of The King's Daughters held its 19th annual supper and business meeting in the rooms Monday. Eight new members were received into the circle with the admission service.

The circle has lost by death three members during the year, Mrs. Anna Jones, Mrs. Ella Smoke, and Mrs. Elmina Krug.

This has been an unusual year in the work due to the war and the influenza epidemic. A brief summary shows about 200 articles of clothing, 34 baskets of fruit and provisions, 77 plants and bouquets to the sick, 46 funeral sprays. In addition to this the circle made 15 jackets and 800 shot bags for the Red Cross, 33 comfort pillows and 15 property bags. Besides the regular meetings, 20 meetings were held in the Red Cross rooms for surgical dressings. The soldiers with their wives, and widows, were guests at a supper on Decoration Day. Meals were served to the S. A. T. C. boys for 11 days. The circle took part in all patriotic celebrations during the year.

The treasurer's report showed a balance on hand March 1, 1918, of \$124.01; receipts, \$791.55; total, \$915.56. Expenditures, \$797.34, leaving a balance March 1, 1919, of \$118.22.

The money has been expended for hospital and gas bills, nurses, provisions, clothing, etc.

The following officers were elected for the coming year: Lillie B. Jones, leader; Mrs. Bert Everett, first vice leader; Gertrude Carpenter, second vice leader; Blanche Horton, secretary; May Stark, treasurer. After the business the circle and guests were favored with several selections by Mrs. Clemons and Mrs. Parish.

Mrs. Henry Palmer was taken to Columbus yesterday for hospital treatment for inflammatory rheumatism. "Jayville Junction" is engaging the attention of the Granville public just now, and everyone is planning to go to the Presbyterian church Friday evening at 8 o'clock, to enjoy something different.

E. F. Hobart leaves this evening for Philadelphia where he will visit the family of his son, Charles Hobart, located at Sellersville, only a short distance from the city.

Denison students last night celebrated the 29-23 victory of the Big Red quintet over the Wittenberg team at that place last night.

The Granville mothers' club is rapidly becoming one of the most important factors among the women's organizations of the village, aiming to discharge a real obligation to the community. Their meetings are held every two weeks, and the one on Monday evening, March 4, at the home of Mrs. Jones in West Elm street, was a notable event. Mrs. F. G. Detweiler read a paper on "The Value of Play," which struck a responsive chord in every heart, and the discussion following was so interesting as to necessitate another session. Mrs. E. P. Johnston, the president, presided at the business meeting, turning over the program to the leader.

A letter has been received from William G. Lewis of Toledo, formerly affiliated with Sigma Chi in Denison University, who has been conducting a canteen for the Y. M. C. A. in France since last spring. His headquarters are at Chateau Thierry, and he will not be released from active duty before July. It is likely that his mother, Mrs. C. T. Lewis, will visit him this spring.

Arthur Jones of Cincinnati, a former resident of Granville, now state senator from Hamilton county, and Mrs. Jones, were weekend guests of their daughter, a student in Sheppardson college.

Beta Theta Pi entertained Dr. and Mrs. Kirtley Mather and Miss Mather at Sunday dinner in Curtis hall.

Messrs. W. H. Kussmaul, C. B. Slack, E. A. Smoots and Fred Miller went to Columbus yesterday to attend a session of the legislature.

Mrs. Charles Allen, Mrs. J. M. East, Misses Bess Felix and Alice Ashbrook of Newark were guests of The King's Daughters for their annual meeting last Monday.

GOOD WRESTLING PROGRAM READY
Indians Are Here For Big Match Thursday — Bowser Prepares For Rough Going.
The two Indians who will wrestle at the Auditorium tomorrow evening when they meet Paul Bowser and Leslie Fishbaugh attract much attention in their native costumes as they pass along the street. Bowser is an expert at the wrestling game and has made his boast that he will get his hands on the Indian who has been making a name for himself in the wrestling world. Those who witnessed the match between Paul Bowser and the Indian who was given the decision after Bowser had thrown him once on account of being injured, know that a treat will be in store for tomorrow night's tournament. Bowser is a wrestler of the rough and ready kind and he states that he is going after the local champion's scalp from the top of the mong. He will find Bowser ready to meet him at his own game and the local boy has been training faithfully for the event which will mean much to him.
Chief Cree and Leslie Fishbaugh will go to a finish, best two falls in three, with a 30-minute time limit. Both weigh 135 pounds and although the local wrestler has the decision in a previous match the Indian will not be without a different tale tomorrow night. He is an excellent man on the mat and knows every stage of the wrestling game and states that he was in the best of condition when he met Fishbaugh before and promises to give a better account of himself.
The other two preliminaries in which Teuscher Brothers will again be seen in action and Ed Lane tries conclusions with Kid Smith of Pittsburgh, Pa., will also be worth while. The youngsters are all up on their mettle and anxious to win and promise to give a good account of themselves.
The seat sale is now open at the Auditorium theatre and a number of stage reservations have been made and the event promises to draw the largest crowd of the season.

THE MARKETS

Wall Street.
New York, March 5.—Further selling of railway shares, prompted by the failure of important federal legislation, induced an irregular tone to the stock market at the outset of today's trading. Reactions extending from large fractions to a point in that group were balanced, however, by the renewal of bullish dealings in Oils, Motors, Leathers and other speculative issues at values of 1 to 2 points. Moderate reactions in Shippings and Metals were attributed to specific conditions affecting those industries.
Although Wall street professes to believe that the railroads will be temporary tided over the division continued under pressure with copper, while most of the usual speculative favorites, excepting motors, extended their gains. Shippings were added to the list of strong features, also sugars, tobacco, F. & S. Steel and associated industrial and equipments, notably Bethlehem and Crucible steels and general electric. A slight easing of Liberty issues and firmness of the foreign group marked the moderate trading in bonds.

Cleveland Produce.

Chicago Grain Review.
Chicago, March 5.—Speculative buying due largely to assertions that corn values of corn were much below feeding worth, brought about a decided advance today in the corn market. Opening prices, which ranged from 1-1/2c off to 3-8c up, with May 1-2 3/4 to 1-1/2 and July 1-2 1/2 to 1-1/2 3/4, were followed by material gains all around.
Prospects of planting of oats even more than planting of corn would be diminished by substituting spring wheat, thus strengthening effect on the corn market. After opening a shade lower to 1-8c higher, with May 60¢ to 1-8c to 60¢ 1-2c, the market scored a sharp advance.
Provisions rose with grain and hogs, denoted by a checkered day, with unpromising strike outlook at New York.

SECOND MARRIAGE FAILS
HUSBAND ASKS DIVORCE
Isaac Hone has filed a petition in the office of County Clerk Leo T. Davis against Laura Hone. The petition states that they were married in January, 1917, and prior to that time had been married and divorced, the first marriage occurring May 24, 1913, they being the parents of a daughter aged five years. After the plaintiff had secured a divorce they were remarried upon the promise of defendant to do better in the keeping of her part, and took up her abode with her parents stating that she never intended returning or living with plaintiff. Hone asks that he be granted a divorce once again and that he be given all relief to which he may be entitled.

COHALAN OUT AS PRESIDENT MEETS IRISH COMMITTEE
New York, March 5.—President Wilson refused to meet the delegation named by the Irish race convention in Philadelphia to urge his support of Irish freedom, until Justice Daniel F. Coahan of the New York state supreme court, mentioned in the Bernstein correspondence, had withdrawn from the room at the Metropolitan opera house, in which the meeting was held.

According to Thomas J. Breslin, a member of the delegation, the president asked W. J. Moran, who headed his secret service body guard, to inform the Irishmen of his refusal to attend the conference if Justice Coahan was present.

At the close of the president's address at the Metropolitan opera house, Breslin said Moran appeared in the room assigned for the meeting and delivered the message. Justice Coahan insisted upon leaving the room rather than interfere with the conference.

Meanwhile the President, with Joseph P. Tumulty, his private secretary, remained in an anteroom, after having stated he would give Justice Coahan five minutes to leave. On receiving word that he had done so, the President remained in conference with the Irish delegation for nearly half an hour.

Former Supreme Court Justice John W. Goff made the following statement regarding the incident:
"At the request of the committee, Mr. Justice Coahan declined to say anything at the present time, as it is not a personal matter with him."
"A message was received through an authoritative channel stating to me that the President would not enter the room where he was if Justice Coahan was present. The members of the committee, with spontaneous unanimity, said they would leave rather than permit Justice Coahan to leave. Then Mr. Justice Coahan entered the circle of members discussing the matter and said: 'The case is bigger than any one man—bigger than I am.'"

Scenes in Munich. Bavarian royal palace (upper left), city hall and view of the heart of the city.

Munich, the first large German city to fall into the hands of the Spartacists, is eminently the home of German art. For centuries the rulers were generous patrons of culture. Within the memory of painters yet living, American art students prepared the city to Paris for their training.

PUPILS REGULAR IN ATTENDANCE

School Report Shows Improvement Over Last February—72 Schools Have No Tardiness.

In every particular this year's record for February attendance is better than that of last year. This is very commendable and the teachers of the city deserve great credit in having excellent attendance and promptness.

There were 347 more pupils having perfect attendance this year than for the month of February last year.

The following teachers report no tardiness: Bertha Crilly, Mary Larason, Wilhelmina Mohlenpach, Anne Velt, Mildred Hewitt, Marie Graham, Inez Korb, Edna Warner, Nellie Bradlock, Anna Frye, Alice MacMahon, Katie Murphy, Lula Ampsper, Nellie McNeely, Laura Blanc, Lillian MacNeely, Doris Avery, Daisy Stuart, Anna Kitzpatrick, Louise Wolfpoth, Lillian Seymour, Bess Laird, Gertrude Harrison, Thelma Miller, Mary Raymond, Florence Boyd, Gertrude Avey, Irene Hazelton, Ida Davis, Jessie Severe, May Van Horn, Edna Fize, Eva MacMahon, Margaret Brown, Carrie Kirby, Edna Swanson, Josephine Johnson, Matilda Desch, Grace Dicken, Hazel Armstrong, Edith Hague, Helen Hall, Florence Meyer, Thora MacDonagh, Grace Gorbey, Edith MacDonagh, Grace Killebrew, Josephine Ruth, Gertrude Ruth, Hollar, Emily Hall, Louise Eichhorn, Lillian Johnson, Ethel Rutledge, Leona Borroway, Anna Lyon, Beatrice Orr, Gertrude Hall, Ada Simms, Mary Palmer, Maude Skadden, Dora Brennstuhl, Fannie Korb, Gertrude Hawk, Martha Landy, Bess Tafel, May Hawke, Mabelle Mitchell, Ch. Hess, Marjorie Lawhead, Miss Hart, Sue Guthrie.

The teachers' reports show 325 visits by the principals of the building, 111 visits by the superintendent of schools, 118 visits by the members of the board of education, 334 visits by parents and other people of the city, and 142 visits made by teachers to the homes of children.

Mr. Klopff is busy in preparation for the high school minstrel which are to be given March 27 and 28. From all indications, the minstrel this year will excel any of the entertainments given in former years.

Miss Anna Frye, principal of Woodside school, reported that the children of the Woodside building have adopted two French orphans.

Much interest is being manifested by the pupils in the home and school garden work for the coming season. Frank Smith, who is in charge of this work, is making larger plans than last year. One thousand children have signified their intention of taking up the work this summer.

Miss Carrie Kirby, principal of Mount school, has organized a Big Brothers' club in honor of the boys and girls' brothers still in service.

The week beginning March 10 is to be designated library week in the public schools. During that week, the children will be asked to make a free will offering for the benefit of the public library.

The schools already this year have turned over to the library \$1,000. During the last week the superintendent had the privilege of attending the superintendent's convention at Ciego, Me. More than 7,000 superintendents and teachers attended this meeting.

Perhaps the biggest subject discussed by which the schools may contribute their part in the reconstruction period. The questioners felt that one of the greatest evils in the world, and which is making larger plans than last year, is that evil. The second great thought of the convention and perhaps as much time was given to that subject as to any other, was teachers' salaries. One of

DRUGGIST EVANS HAS MANY ORDERS FOR NERV-WORTH

One of These Came Not Long Ago From Council, North Carolina.

The sale of Nerv-Worth, which Druggist T. J. Evans continues to make on a large scale, is by no means confined to Newark and Licking county. Frequently sufferers from nervous illness who have visited Newark and have made a test of Nerv-Worth while here or others who have read the Nerv-Worth statements in the Newark paper, sent abroad, write to him for the tonic and he ships it to them. A case in point came to light a few days ago when in Mr. Evans' mail an order was received for Nerv-Worth from C. C. Shaw of Council, N. C. The parcel post recently did its work and Mr. Shaw soon was in possession of his Nerv-Worth. The fact is that when a sufferer has tried Nerv-Worth he insists on having it, no matter what the distance from the source of supply, and refuses to take any substitute.

Your dollar back at the T. J. Evans drug store, Newark, if Nerv-Worth fails to benefit you.

APPELLATE COURT HEARS ARGUMENTS IN APPEALS

The court of appeals heard the arguments of counsel in the case of John H. Seisher et al. plaintiffs in error, vs. Charles Dornan, and the court took the case under advisement.

Seisher asked the reversal of a judgment of damages in the common pleas court for damages growing out of a collision between Seisher's automobile and Dornan's horse and buggy, east of Newark, several months ago.

The case of Newcomer vs. Ohio Fuel-Gas Co. was argued to the court of appeals and submitted upon a motion for a new trial.

The court was asked to prevent the defendant from removing its pipes from the mains of defendant. SHARON VALLEY PEOPLE PUSH REQUEST OF ROAD

The county commissioners today received a large delegation of property owners and tax payers of the Sharon Valley road who are anxious to secure a macadam road. Arrangements are about perfected to build the road this spring, providing the township trustees will pay 35 per cent of the cost of construction, the county agreeing to pay 25 and the property owners 40 per cent.

The commissioners went to Gratiot on the National pike yesterday to meet the Muskingum county commissioners in a joint conference regarding the opening up of a new road from the National pike through to the Poplar Fork bridge. The officials went over the route for some distance, inspecting the same but the Muskingum officials declined to join in with Licking county and assist in the payment of the improvement.

REVENUE COLLECTOR DEFINES LAW REGARDING HEADS OF FAMILIES

A statement issued today by Collector of Internal Revenue, B. E. Williamson, defines the exact meaning of the designated "head of a family," such person being allowed the \$2,000 exemption granted a married person in the filing of an income tax return.

"A head of a family," said Collector Williamson, "is a person who actually supports in one household one or more persons closely connected with him by blood relationship, relationship by marriage or by adoption. Whether in the absence of continuous residence with his dependents a person is the head of a family depends upon the character of the separation."

"If the benefactor is absent on business or on account of military or naval service, or a child of other dependents is absent temporarily at school or on a visit, the common home being maintained, the exemption of \$2,000 applies. If, however, the dependent continuously makes his home elsewhere, the benefactor, irrespective of the question of support, is not the head of a family."

"In the case of a man and wife the joint exemption of \$2,000 allowed a married couple replaces the individual exemption allowed each only if they live together. Unavoidable absence of a wife or husband at a sanitarium or asylum on account of illness does not preclude claiming the exemption. If, however, the husband continuously and voluntarily makes his home at one place and the wife at another, each must file an individual return of net income of \$1,000 or more, and each is assessed on the amount of net income in excess of \$1,000."

"A person under 21 years of age or under the statutory age of majority where he lives, whatever it may be, is required to render a return if he had a net income for 1918 of \$1,000 or more or guardian render the return for him. The earnings of minor children dependent upon a parent should be included in the parent's return of income."

29TH DIVISION LOST HEAVILY IN LAST DAYS OF GREAT CONFLICT

Enemy Machine Gun and Artillery Fire Particularly Effective, Lieutenant Graham Says—Went 34 Days Without Having Clothes Off—Glad It's Over.

A series of letters from Lieutenant Hayes D. Graham, Company F, 114th Infantry, now in France, tells a vivid story of the hard fighting done by the 29th division to which his regiment is attached.

In the attack on the Bois d'Ormont and the battle of Grand Montagne, Graham's company suffered heavy casualties, only 34 of the 209 men coming out of the fight unharmed.

The machine gun and artillery fire of the enemy was especially effective in these two battles and in one case Graham's company was unable to evacuate the wounded for 48 hours, because of the heavy enemy barrage in the rear areas.

Graham enlisted as a private and left Newark, July 15, 1917, with Co. B, of the old 4th Ohio, now the 166th regiment Rainbow division.

In July, 1918, he was commissioned Second Lieutenant and assigned to the 29th division which was made up of New Jersey and District of Columbia troops.

"October 10—I have just come out of a battle and I sure can thank God that I did not get hurt for it is a wonder that anyone came out at all. Co. F went into the battle with 209 men and came out with 72. I have no room to place to write, as I am lying on the side of a hill writing this so cannot write much but wanted to let you know I am O. K. It has added years to my life but I have been through the last 10 days. We have been in the field now for a month and none of us have had our clothes off for over a month and have slept out in the rain and in open all of this time. Believe me I never want to go through anything like that again."

"November 1—Well I have been in another battle and have come out O. K. again and I am sure lucky, for there are not many of us left and every one that is here can count himself lucky and I surely hope and pray that I never have to go through anything like it again. Our division has made a sacrifice of over 7000 lives in the division. We were in the attack at the highest place on the western front. Maybe you have read in the papers of the Bois de Ormont and Belleu Bois also Bois de Erayre. I received my promotion to date as first lieutenant also was made regional line officer. I was in a cablegram today so you would know I came out O. K. if you heard of the battle. Last night was the first time in 34 days that I had slept under cover or had my clothes off but I did not even catch a cold. Just before we went into the battle I bought a raincoat with flannel lining and paid \$20 franc or \$5.50 dollars for it. But I did not consider it money thrown away for it was warm and water proof."

"November 17—When I wrote that letter in the woods, I was north of Verdun and we went into battle on the Meuse-Argonne front. The particular place where we made our first attack was the stiffest place on the whole front. The French had tried to take this same place four times but were unsuccessful but we took it at a great sacrifice of life. I will describe the battle a little more fully."

"On October 11 we were about 2 1/2 miles behind the line and we received orders that we were to attack at 7 o'clock the next morning so we marched up to the line that night arriving about 11 o'clock. We were in the French and formed in the woods to await daylight. We had not been in the woods more than one hour when the Germans began to shell us. As a

result we had about 150 casualties that night. When daylight came we started to form for the attack and found several German machine guns flanking us and as we were in a narrow valley, their fire was very effective causing us many more casualties. At 7 a.m., October 12, we went over the top and ran into a strong machine gun and artillery fire, but we continued to advance in spite of them, until the French regiment which was on our right flank stopped, thus exposing our right flank to counter attack. We then stopped and organized our position in shell-holes."

"By this time the German machine gun and artillery fire was so strong that it was suicide to stick up one's head in the daytime. This continued for five days, when we were relieved. All work of carrying food and ammunition and taking back the wounded had to be done at night but even then you had to go through a strong barrage of artillery fire as they shelled the support and reserve positions incessantly. It was 48 hours before any wounded could be taken back, at all, after the attack. When I got home I will tell you more about it than I dare tell now."

"December 8—I am concluding in this letter a list of the battles I have been in. These are the ones I was in with the 29th division and the list does not include those I was in with the 42nd or Rainbow division."

"July 23 to September, defense of center sector, Nante Alsace; October 8, battle of Malbrouck Mill; October 11, battle of Molleville farm; October 11, attack on Bois d'Ormont (this was the worst); October 15, battle of the Grand Montagne; October 22, capture of Erayre Ridge; October 26, attack on Bois Belleu."

"I have not collected many souvenirs as they are too hard to carry around. I only have a pair of German field glasses which I took off a German officer, they are better than any we have, and an Austrian revolver."

"The armistice was signed just in time to save us from going into another fight, that would have been worse than this. We had taken part in before. We got the word that armistice had been signed when orders came for us to move at 8 a. m. the following morning. Everyone thought we were going into Germany, but that night we received word that our movement had been called off. We found out afterwards that we were to take part in an attack on Metz. You can imagine what kind of a battle that would have been as Metz has 11 forts that surround it. That attack would have been worse than any that I had been in before and in all probability I would have been either killed or wounded, but it is all over and we can thank God that peace came when it did."

"It was about this time last year that we started our 135-mile hike through the snow. That sure was the hardest time we ever put in. We would march all day through the snow and our shoes would be soaping wet, and it was so cold that when we got up in the morning our shoes would be frozen as stiff as boards. There were 15 men in our company that froze their feet, and five of them lost a foot each. We went into the trenches last year on February 16 for the first time. Thank goodness, we do not have to go into them any more."

"We heard that the senate and house had passed the national prohibition. Is it true? I hope that it is."

"I was over to division headquarters today and I heard that the 29th division was going to relieve the Rainbow division in Germany. If so, do not know when I will get home."

NEW VITALITY FOR THE NERVES

The most active tonic treatment is recommended in nervous disorders, including some forms of partial paralysis. No sufferer can despair because a particular treatment does not give relief. Often the nerves are starved and in such diseases as functional paralysis the desired result is secured by building up the blood so that the undernourished nerves are revitalized.

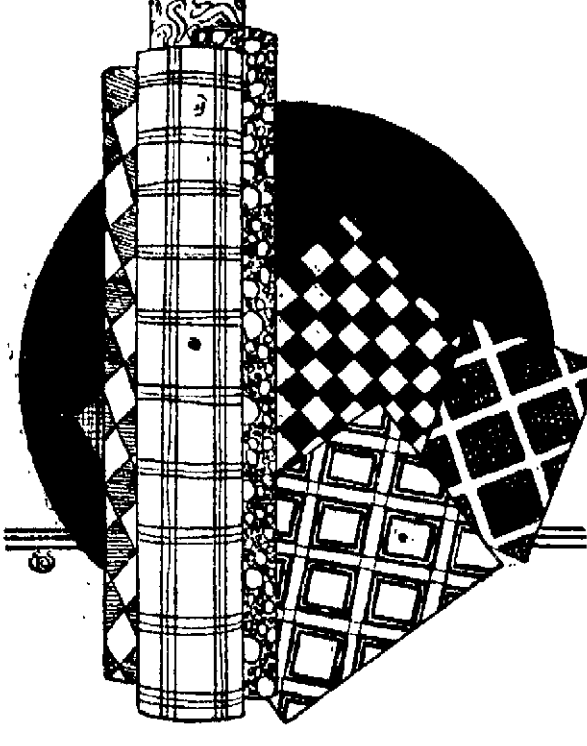

"I suffered for six months from a form of partial paralysis," says Mr. Robert Corey, of No. 28 Collier street, Binghamton, N. Y., "and during a part of that time I was unable to walk. When I would try to use my limbs I would fall down. I was very weak and had severe headaches. My stomach was also out of order."

"I read about Dr. Williams' Pink Pills in the newspaper and after I had taken one box I felt so much better and stronger that I was encouraged to keep on with the treatment. I have improved wonderfully. My headaches have entirely disappeared and my stomach is all right again. I have received more benefit from Dr. Williams' Pink Pills than from all the other medicine I have taken and I am glad to recommend them."

Dr. Williams' Pink Pills contain the elements necessary to make new blood and as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves, such as rheumatism, after-effects of the grip and fever, neuralgia and nervous debility.

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes \$2.50. Write for a free booklet on nervous disorders.
